

Season Startup!

2021

VIRTUAL WORKSHOP EVENT

1.12.21

9:00 am-2:30 pm

MEET THE SPEAKERS

KEYNOTE PRESENTER | NURSERY TRACK

9:15-10:15am | 1:30-2:15pm

Gary Johnson

Professor of Urban and Community Forestry in the Forest Resources Department at the University of Minnesota. His research and writings have focussed on managing tree health in urban areas, nursery production of trees, and building community capacity to manage those trees.

NURSERY TRACK

10:30-11:15am

Bill McAdams

McAdams Consulting Inc was founded, in 2003, as a full-time service for nursery growers and landscapers. With the motivation of designing more efficient insect and disease control timings, the last 36 years have been filled with documenting insect and disease life-cycles and recording effective pest controls for growers. Insect and disease treatment timings are developed to maximize control results and to reduce the amounts of pesticides needed. Learn more at www.mcadamsconsulting.com
